## Drew Schechtman Named Environment, Social and Governance Integration Leader for Voya Investment Management

Voya Investment Management, the asset management business of Voya Financial, Inc. (NYSE: VOYA), announced today that Drew Schechtman has been named vice president, Environment, Social and Governance (ESG) Integration leader. Based in New York, he reports to Voya Investment Management's Investment Committee, which comprises Voya Investment Management's chief investment officers.

In this new role, Schechtman is responsible for the integration of ESG investment disciplines across the firm's four investment platforms — Equities, Fixed Income, Loans and Multi-asset. Alongside the Voya Financial Office of Corporate Responsibility, he serves as a lead advocate for ESG internally and externally — including developing an ESG education platform for investors.

Mark Weber, senior managing director and head of Structured Assets, Loans and Alternatives, commented: "We believe environmental, social and governance factors are important in understanding the risks and opportunities of our investment decisions across asset classes. We embarked on an ESG-integration program last year and are delighted to have Drew help join us to lead that effort."

Schechtman brings over a decade of experience to this role. Prior to joining Voya, he was vice president and head of Sustainability and Environmental Investing at BNY Mellon, where he was responsible for leading the development and implementation of BNY Mellon's sustainable finance solutions across various business lines. Prior to that, he was a senior sustainability consultant at Viridian Energy + Environmental.

"Our chief investment officers are committed to integrating ESG considerations into their investment processes, and they believe that Drew's experience in ESG integration across multiple investment teams will help us accelerate our progress," said Weber.

Voya Financial recently announced the publication of its latest [Corporate Responsibility Annual Report](#), which details the organization's redefined corporate responsibility (CR) approach in the following key areas: **Empowering Our People, Serving Our Clients, Investing in Communities and Protecting the Environment**. Voya was also named to the 2016 Dow Jones Sustainability Index (DJSI), a globally recognized independent benchmark that assesses — and ranks — the economic, environmental and social performance of companies.
